

You Made a Difference for Bonnie

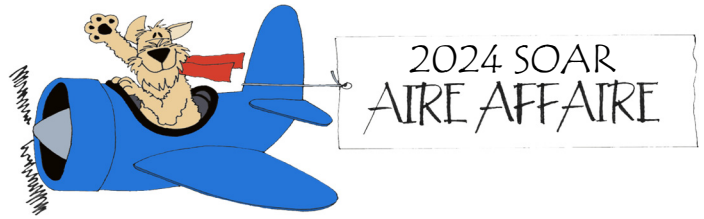

Bonnie came into rescue last year testing positive for heartworm and with a tumor protruding from the front of her mouth. Her teeth and gums were also in bad condition.

Bonnie received the veterinary care that she needed because of supporters like you. After three months of treatment, Bonnie is recovering well and has been adopted by a very special family who loves her to bits.

Thank you from our heart to yours. Hope to see you at the Aire Affaire!
